

## Quick Start Guide

### 1 Download App

1 Search:  Irrigreen 2 in App Store  
(Make sure you are on the same Wifi).

2 Download: Irrigreen 2

OR Scan QR Code:

### 2 Connect to Controller

1  Add Controller

2 Scan barcode on the side of your controller.  
(If prompted, enter password).

### 3 Check/Adjust Schedules

3 Setup details for your Schedules:  
Start Time, Days, Water Amount (inches for digital zones, minutes for valves)

#### How much water do I need?

**Lawns:**  
~1"/week,  
(.25"/watering)

**Valves:**  
~10 mins  
/watering

### Auto Water

Select  and turn on **Auto Water** which uses weather data to water the amount you need per week.

### 4 Test or Water a Zone Manually

3 Press 

4 Press 

The sprinkler will water the number of inches set in your schedule.

## 5 Edit Watering Zone Shapes

### 1 Get to the Set Watering Zone Screen:

1. Press:   
Zones

2. Select Zone

3. Press Edit

This will start your sprinkler.

### 2 Follow the on-screen instructions for setting up/editing your watering shape.

- 3 Touch a point to change it.
- 4 Use   arrows to increase/decrease the watering distance.
- 5 Use   arrows to position a point and change watering shape.
- 6 Press  to add a new point. Drag to desired position and adjust.
